# Free Speech at SUU

Free expression, diversity, and inclusion are some of the core values of an educational experience at Southern Utah University. Diversity and inclusion require a robust right to free speech and expression. SUU is committed to free and open inquiry including allowing the broadest possible latitude to speak, write, listen, challenge, and learn. [Read SUU's official policy on Free Speech.](#) 

Of course, the ideas of different members of the SUU community will often and quite naturally conflict. But it is not the role of SUU to suppress ideas and opinions some individuals find unwelcome, disagreeable, or even deeply offensive. The cure for ideas that offend lies in open discussion rather than inhibition.

To that end, SUU adopts and/or endorses the University of Chicago "[Report of the Committee on Freedom of Expression](#)"  These "Chicago Principles" constitute a statement of intent that a university can use to guide it in fostering the free exchange of ideas.
