# THE LEFTIST LIE

"It is a vulgar mistake to think that most people in Eastern Europe are miserable."

- PAUL SAMUELSON

Nobel Laureate; Professor of Economics, MIT;  
Economics magazine, 1981

## THE TRUTH

ON NOVEMBER 9, 1989 ...

THOUSANDS OF **EASTERN EUROPEANS**  
TORE DOWN THE BERLIN WALL  
**BECAUSE THEY WANTED**

# FREEDOM.

Thousands of East German citizens, sick and tired of decades of insufferable Soviet oppression, hammered away at the Berlin Wall and celebrated its final collapse. With the Wall torn down and hundreds of thousands of its victims free, the irrepressible desire of people for freedom proved triumphant over tyranny and collectivism.

Let us ever beware the destructive influences and blind arrogance of the Left.

# Got Milk?

Got Bread?  
Got Blankets?  
Got Anything?!

Do we really want government acting as the "provider," when it already has been proven government can't even provide the basics?

## **EMBRACE LIBERTY.** REJECT OPPRESSIVE, BIG GOVERNMENT SCHEMES.

All too often, those on the Left continue to insist government has the primary responsibility for helping those in need, but in reality, we must be wary of this siren call. As shown here, the failed command-and-control economy of the former USSR, which was supposedly developed to "fairly" and "equally" distribute resources, led only to shortages and starving people. Let us ever beware of the destructive influences and blind arrogance of the Left.
