Subject: Externship Program Opportunity

To:

Hello!

My name is Megan Crane, and I work on Mayor Lightfoot's re-election campaign. As the race heats up, we're looking to enrich our office through what we call our externship program. Could you please share this opportunity with your students? I've included more information below:

Lightfoot for Chicago is seeking resumes from any volunteer interested in campaign politics and eager to gain experience in the field. The ideal volunteer will be efficient, well organized and enthusiastic about joining a dynamic team. A strong commitment to Democratic ideals is essential. [Folks can apply through this form.](#)

Externs are expected to devote 12hrs/wk to the campaign. Students are eligible to earn class credit through our volunteer program.

Volunteers will join an experienced team of staff and consultants, providing a unique opportunity to learn the field, finance, and communications aspects of a campaign. Volunteer tasks include voter contact, attending events, and more. We are very flexible with student schedules.

No prior campaign experience is required, nor is a major or minor in political science. We're simply looking for enthusiastic, curious and hard-working young people eager to help Mayor Lightfoot win this spring.

Feel free to email me back with questions or suggestions, or call any time at 224-425-6053.

Thanks so much for your time,

Megan
