**Doors and Room/Apartment Exterior**

Space beyond the interior of one's assigned room/apartment (e.g. windows and door exteriors) is considered to be a public space and therefore is maintained under the jurisdiction of the Department of Residence Life. Residents have the right to approach anyone who displays a decoration that they believe to be offensive or obscene in order to discuss their concerns and ask for its removal. For example, posters of nude individuals and harassing or intimidating visual materials are generally considered inappropriate.

Check with Residence Life staff if you have questions about what may or may not be appropriate. Displays that raise a legitimate safety concern or violate university policies may not be hung on residential facility doors or in general view of the public. Residence Life staff will determine if items need to be removed.

Covering more than 20% of the total surface of the outside of room doors in the residential community is prohibited. If residents are interested in decorating their doors they have to obtain prior approval from their Resident Director and must have all materials removed by the predetermined date.
