OFFICE OF
STUDENT CONDUCT

DESCRIPTION:

I'm writing this complaint against Matt Walston and his vagrant attempts to invoke a confrontation with me by creating a group on www.facebook.com, and sending invites to the said group to persons listed on my friends list as well as various members SGA. The name of the group is Students against Victor Perez, with the description being Victor Perez is a Jerk and a Fool. The group is intended to accompany the numerous threats to my life and personal safety by Harry Skip Moedinger. Normally such childish antics would not bother me the slightest bit. However, taken into the account the lengths that they have gone through,

sending various e-mails to myself as well as to my friends and colleges within Student Government, I can no longer sit back and smile and watch what depths they will continue to sink to.
